<u>Prescription Medications</u>:

Every effort should be made to administer medication outside of school hours. However, the Fond du lac Ojibwe School does acknowledge that this is not always the case and will accommodate as needed for your child's medication needs.

If a prescription medication needs to be given while at school, the school nurse (or delegated personnel) has my permission to administer the prescribed medication(s) as ordered by my child's physician, and I give permission for the school nurse to contact my child's physician regarding the prescription medication.

Also, a separate form will need to be filled out for **<u>any</u>** prescription medication, which will include the prescribing physician's and parental signatures. This form will be given upon notification of your child's need of prescription medication administration during school hours.
